My Guarantee If Me Being Late Is My Responsibility

After receiving this document from you I review everything. I log into your accounts to make sure I can gain access. I change your domain to connect with your hosting (if that isn't already done) and I set a date to start working on your site.

Once I am very sure I have all the information I need and I can get going I will set a date and let you know when I will put your website up. If 48 hours later I have not finished your website here is my promise to you...

If it isn't up (*and that has NEVER happened*) **for every 24 hours I am late I will work on your website for ONE ADDITIONAL HOUR.** That is worth £35 and I can get a lot done in an hour.

I can add some SEO for you, change that blue colour to a different colour, add more images/video/text to your home or about page.

If I am 72 hours late as well as doing the above, I will also teach you how to use WordPress / the theme for an hour over skype (worth £97)

If I am more than 72 HOURS LATE from the date I said I will complete your website (*call the hospitals because something is very wrong!!!*) I will give you my hosting package free for a year. That is worth £288.
